- Point of Sale system development for Springs Bar Ntinda March 2022 and Magenta investments Nasser road January 2019
- Web app for Kordgram music mobile app app, November-December 2021

OTHER PROJECTS - PERSONAL AND SCHOOL

**All applications listed are yet to be rolled out*

- COVID Tallier app
- MoviesUg app
- School Projects like a college chatbot

PERSONAL ATTRIBUTES

- **Fast learner**, I started learning PHP in December 2018 and in January 2019 I worked on a management system for Magenta Company located on Nasser Road
- **Critical thinker**, I have always been able to rapidly get original working solutions for problems during projects.
- **Team player**, most projects involve working as a team, I have learnt to collaborate and communicate effectively in a team space physically and virtually through using GitHub and other means
- **Flexible**, through the projects I have done I learnt that client interests and team interests keep changing and I have learnt to adapt and deliver effectively

INTERESTS

- Learning from more experience people especially software developers.
- Self-education currently I am practicing machine learning.
